

Yes, there are two very different Americas today. One, the original one, made up of men and women who love this nation the way our founding fathers visualized and brought it into reality. Many have chosen to legally immigrate to this new land because of the freedom from controlling government tyranny it provided.

The second America is made up of radical leftist who desire bringing the United States to their fear driven selfish ways, letting government have complete control of everything.

Their ultimate strategy requires the complete dismantling of our Constitution and the Bill of Rights. However, their undercover interim plan is to utilize our judicial system to circumvent prevailing laws by eliminating them, one by one.

This so called modern political strategy began gaining noticeable momentum well over seventy years ago as old European influence crept further into the western culture. Saul Alinsky's book, *"Rules For Radicals,"* written in the late sixties, became popular among some in our education system. Hillary Clinton did her thesis under Alinsky and then met with him more than once. Later, after Alinsky's death, Barack Obama studied his writings and followed his teaching. It, among other influential factors, became very appealing to the selfish, fear driven, nature of our youth. This is why so many Millennials became progressive liberals, appealing to a Socialist type government. They've been taught, from an early age, that government should cover all needs at someone else's expense.

In an earlier BIAP (Book in a page) article titled *"Are We Almost There"* I outlined the steps required by Alinsky and others to take our nation from our Capitalistic, Free Enterprise form of government to complete Socialism. This article and others pertaining to biblical economics are on my website: www.skipelmore.com They are also included in the latest addition of my book, now available on Amazon. *"One Page ANSWERS To Life's Difficult QUESTIONS."*

For the sake of our children, our grandchildren and their families, we must bring our nation back to the *Judeo-Christian* morals and ethics our founding fathers knew to be essential for it to continue. We need to pray that it's not too late. It's obvious that most of our nation's leaders are letting Satan's ways take over.

WE MUST NOT LET THIS CONTINUE!!!
