

A rooster crowing will cause the sun to rise each morning. It is essential that we accept this conclusion as an objectively proven fact because it has been observed and validated repeatedly thousands of times for centuries and even millenniums. Some historians may have even stated that there has never been a sun rise that had not been preceded by the sound of a rooster crowing. What if there were no more roosters? We must protect roosters, or we will all freeze to death...

The 1929 stock market crash is the reason for the depression in the thirties. This statement is no less absurd than the previous one about the roosters. Little is further from the truth; it was inept fiscal monetary and regularity policies that took place before and during both the Hoover and Roosevelt administrations.

There are so many selfish, fear driven, greedy pitfalls to logical thinking. Tragically, that economic depression was not the result of blind ignorance! No, it was much more sinister than that. It was a direct result of narcissistic, selfishly motivated greedy behavior. *(Read Deuteronomy 15:4 again)*

Think about this; selfishness, pride and greed are all, along with all other types of SIN. driven by "FEAR" as the result of humanity's fall. It was all described early in Genesis as partaking from the proverbial "Tree of knowledge of good and evil." As stated before, all sinful behavior is initiated by acting on a temptation to live by fear. *(Read 1 Corinthians 10:13 again)*

We know from studying Scripture that we live in a fallen world. So, what does that mean. It confirms that we live by humanity's choices in a CAUSE and EFFECT society!!! Remember the five basic facts we all live with??? Here they are again...

## **ALWAYS REMEMBER FIVE BASIC FACTS:**

### **1. Life is not fair; it hasn't been since humanity's fall.**

*(That's when fear replaced love, as described early in Genesis as our proverbial choice to live by our knowledge of good & evil)  
Humanity chose abandoning the wisdom of God's Holy Spirit.*

### **2. Agape LOVE is a Purpose-Driven VERB.**

*(It's not just an emotional or a romantic feeling)  
Knowing that, we can love and pray a spiritual  
Transformation for those we cannot like.  
Read 1<sup>st</sup> John 4:18. Where might we be without fear?*

### **3. We live in a CAUSE and EFFECT world.**

*(Be Careful about the words and choice you and others speak)  
Have you ever spoken doubt or fear? Read Proverbs 18:21.*

### **4. God's LOVE for us is totally UNCONDITIONAL!!!**

*(It's not based on our performance or history)  
"God" is both a NOUN & a VERB.  
He IS & He DOES; think about it!!!*

### **5. Life here is only our temporary ASSIGNMENT.**

*We begin our eternal journey when a sperm joins an egg.  
Where we spend eternity depends on our FREE CHOICE here.*
