

It's been said that the term "Feat not" is found *three hundred- and sixty-five-times* in several versions of the Bible. There is a reason for that. Of course, there is more than one meaning for the word we refer to as "*fear.*" Sometimes we're only referring to knowledge or wisdom. However, many times, it becomes a firm warning for our Satanically driven "SIN" nature that humanity became after falling away from the wisdom and counsel of the Holy Spirit. It's all described in the Bible, early in the book of Genesis.

A question to ask yourself is: *What might I have accomplished if I had never entertained a "FEARFUL" thought???* Humanity did not possess fear in their "Garden of Edin" environment, before falling away from their Lord and Creator.

However, after humanity fell, there was a total absence of "agape type love" (*a verb, not just an emotional feeling*). Everyone was plagued with fearful thinking. See other BIAP articles in: www.skipelmore.com

All sin is a derivative of fear. Think about that; if I am prideful, it's fear of not being totally accepted. If I'm selfish, it's fear. If I become greedy, it's fear. Put two little children in a room with only one toy and watch the demonstration of selfishness come out. It's all a product of humanity's sin nature being demonstrated.

If we all possessed total peace, the absence of fear, there would be no wars, and no hateful behavior. Agape love would prevail everywhere.

We would all be more concerned by the needs of others than with our own desires. Remember, if we receive our Lord's total "GRACE," we'll have no unfulfilled desires either. Purpose is essential to a fulfilled life. When we live for others, we'll be content with who we've become.

Our Lord and Creator lives for us. Read *John 3:16* again!!!
